Helping Our Patients Live Better
Directory of Services
Dear TriHealth Family:

Years ago, our founders set forth a vision for TriHealth. They believed that by bringing together skilled physicians, Bethesda and Good Samaritan hospitals and the community, TriHealth could significantly improve the health of those we serve.

For the past 20 years, TriHealth has worked to become the system our founders envisioned. As we work together to continuously drive our system to reach higher, your dedication, collaboration and leadership will help us build a unified health system that delivers the highest quality of patient care at the best value for our patients.

We have created this new version of our TriHealth Health Care Service Directory to help you help our patients navigate our growing health care system. I encourage you to learn all that our system has to offer so we can anticipate our patients’ needs and make recommendations that benefit them over their lifetime.

With everyone’s help, there are no barriers to what we can become. From answering a phone to performing surgery, from serving a meal to providing care at a patient’s bedside—every job is the most important job in our system, because every job impacts our patients in some way. With your help, we can be what our founders envisioned: a unified system of physicians, hospitals and communities working together to help our patients live better.

Sincerely,

Mark Clement  
President and  
Chief Executive Officer

### Behavioral Health (continued)

The treatment program serves individuals who can benefit from receiving treatment in either a day or evening intensive outpatient program while carrying on regular activities. If residential treatment is needed, will assist with a referral to a residential program and provide the follow-up care. Please go to TriHealth.com for further information.

Walk-in appointments, blood tests and EKGs

Medical Services 513 894 8888

Physical Therapy 513 454 3000
Highly skilled, compassionate care with state-of-the-art technology and equipment. Patients are taught about their conditions and how to relieve pain, restore function and enhance their health. Services include orthopedics, sports medicine, vestibular therapy and Fall Prevention Program.

Scheduling 513 454 3101

Physician Associates of Good Samaritan Northwest 513 741 7200

Queen City Physicians 513 738 0500

Sleep Center 513 454 3050
All sleep study testing is performed on state-of-the-art equipment with fully trained sleep technicians. Care is given to perform testing that meets or exceeds the standards set by the American Academy of Sleep Medicine.

TriHealth Cancer Institute 513 451 4033
On-site physicians provide compassionate, multi-disciplinary care in the diagnosis and treatment of cancer. Medical oncology includes office visits and chemotherapy. Good Samaritan Hospital Infusion Center provides infusion services.

TriHealth Heart Institute 513 893 8280
On-site cardiologists and vascular surgeons provide office visits and outpatient clinical care. A full range of cardiac testing is offered: EKG, stress test, nuclear cardiac test, cardiac Holter monitoring, echocardiography, stress echo and vascular tests.

TriHealth Surgical Institute 513 844 1000
General surgery specialists offer connected care to the entire TriHealth system, with convenient offices right on campus.

Bethesda Family Practice Center
Norwood 513 977 6700
Functioning as a private practice and integral to the Bethesda Family Residence Program is the Bethesda Family Practice Center. Residents in training see patients with oversight of attending physicians.

Bethesda Foundation 513 865 1616
Supports Bethesda Hospital and its entities by cultivating philanthropic support for patient services, facilities, program and service development, indigent care, medical education and research, and community outreach programs.

Bethesda North Hospital 513 865 1111
One of the area’s largest acute tertiary care hospitals with a level 3 trauma center, Bethesda North Hospital offers a comprehensive range of services. From award-winning heart care to maternity services and a 24-hour emergency room, it is located in Montgomery and serves residents of northeast Cincinnati and Warren, Butler and Clermont counties.

Bethesda North Vascular Center 513 865 2222
(See also Heart Services)

Bethesda North Outpatient Imaging 513 569 6777
A full range of radiology services are available using state-of-the-art equipment. Services include stereotactic biopsy, 64-slice CT scanners, high-field MRI scanners, X-rays and ultrasounds. The outpatient imaging center also houses the hospital’s Lung Nodule Program.
Bethesda North Outpatient Imaging (continued)

Lung Nodule Program .............................................. 513 865 1145
The Lung Nodule Program brings together physician experts and
tests needed to deliver convenient, all-inclusive care for
patients with lung nodules.

Breast Care

Advanced technology and expert clinical assessments are used
to facilitate earlier detection of breast cancers. This includes
close monitoring, medical therapy, access to clinical trials,
nutrition guidance and educational sessions.

Mary Jo Cropper Family Center for
Breast Care at Bethesda North Hospital .............. 513 865 1344
The first facility in the area to offer 3-D digital tomosynthesis,
a cutting-edge breast imaging procedure that provides greater
accuracy and increased detection of breast cancer.

Good Samaritan Hospital Breast Center .................. 513 862 4844

TriHealth Women’s Services Van ......................... 513 569 6565
Makes early breast cancer detection more available to all
women in Greater Cincinnati and surrounding areas by
providing digital screening mammography in your community
or at your workplace. (See also Mammography)

Breastfeeding

TriHealth Breastfeeding Care Center .................... 513 862 7867

Cancer Care Services

TriHealth Cancer Institute .................................. 513 853 1300
Care for the whole person—physically, emotionally and
spiritually. A team of medical oncologists, radiation oncologists
and hematologists as well as allied health professionals provide
patients the best quality care. Unified staff provides treatment at
locations throughout Cincinnati.

Radiation therapy professionals use state-of-the-art
technology, such as high-dose radiation (HDR) and intensity-
modulated radiation therapy (IMRT) for early diagnosis and the
best possible care.

Inpatient and outpatient cancer services include a panel of
physicians from different specialties to review individual cases
and determine the best course of treatment.

For Specialized Care

Good Samaritan Women’s Center

Provides comprehensive, patient-centered care across a wide range of women’s health specialties including colorectal conditions, gynecologic oncology, specialty gynecology, urogynecology, acupuncture, physical therapy and robotic surgery.

Good Samaritan Weight Management Center 513 862 4957
(See Weight Management)

Grief Support 513 246 9140

Fernside
A service of Hospice of Cincinnati for grieving children and their families. Includes peer support groups, phone consultations, referrals, summer camp, weekend retreats, resource center and lending library, outreach and in-school programs.

The Goldstein Family Grief Center at Fernside
This new state-of-the-art facility combines adult and children’s grief services. The Center houses counseling suites, a bereavement education library and group meeting rooms, as well as the offices of the Fernside staff and Hospice of Cincinnati’s grief counselors.

Grief Support for Parents
For parents experiencing pregnancy loss or neonatal death such as miscarriage, stillborn, ectopic pregnancy and sudden infant death syndrome (separate SIDS group). Meets monthly to share experiences and explore natural feelings of anger, sadness and depression that accompany the grieving process.

- Bethesda North Hospital 513 865 1468
- Good Samaritan Hospital 513 862 1163

Bethesda North and Good Samaritan hospitals ........................................ 513 862 4012

Heart Services

TriHealth Heart Institute
Physicians and hospital-based services together provide a coordinated, patient-centered approach to cardiac care. TriHealth hospitals and physicians are leaders in heart care, with a long history of providing excellent, leading-edge treatments. The widest range of cardiac services in the region are offered, including a number of innovative approaches only available at TriHealth.

Bethesda North Hospital .................................................. 513 865 2222
An award-winning facility that treats more acute heart attack patients than any other hospital in Cincinnati. The leading cardiac program in Northern Cincinnati, Bethesda North Hospital is also the first in the region to offer an innovative cryoblation treatment for atrial fibrillation.

Good Samaritan Hospital .................................................. 513 865 2222
First in Cincinnati to use robotics in open heart surgery. Good Samaritan has performed more robotic-assisted heart procedures than any other hospital in the region and is also the only hospital in the region that routinely uses the radial artery in the wrist for angioplasty. Surgeons here treat mitral valve disease with repair rather than surgery in 90 percent of cases.

Spa
Facials, skin treatments, massage, nail care, medical skin care, acupuncture and holistic therapies.

TriHealth Fitness & Health Pavilion  513 246 2636

Sports Medicine
Provides comprehensive prevention, recognition and assessment of athletic injuries, and the complete management and treatment of those injuries. Our team treats a wide range of patients and athletes throughout Greater Cincinnati. Our approach includes numerous physicians, physical therapists and certified athletic trainers at 10 physical therapy locations.

TriHealth Sports Medicine  513 985 6749

Telecommunication Device for the Deaf (TDD)  513 862 1902

ThinkFirst Injury Prevention Program  513 865 1742
Educational programs for schools, businesses and community organizations on head trauma and injury prevention.

ThinkFirst for Your Baby: Teaches parents who qualify for the program how to reduce unintentional injuries in infants through prenatal education and postnatal follow-up. (Presented in English and in Spanish.)

Cribs for Kids: Educational program dedicated to prevention of sudden infant death syndrome. Specifically for at-risk parents who qualify to receive a CPSC-approved crib at reasonable cost.

ThinkFirst for Kids: In-school program that uses an interactive game format to teach kids (Grades 4–6) bicycle, motor vehicle and water safety, and fire/burn prevention.

ThinkFirst for Youth: In-school program for students (Grades 4–8) on the importance of protecting themselves when faced with a challenging decision. Includes understanding the body’s physical abilities, conflict resolution, peer pressure and confidence building.

ThinkFirst for Teens: Assembly-based program (Grades 7–12) on decision-making skills and the consequences of risk-taking. Includes award-winning film and presentation by a health care speaker and a young individual who has sustained a brain or spinal cord injury.

ThinkFirst Teen Driving Program: Classroom and assembly program for Grades 10–12 including speaker and video: Three Drivers; Eighteen Lives.

TriHealth Senior Driving Academy: For drivers 55 and older. This program is a collaboration with TriHealth Seniority.

Safety Rocks Preschool Program: This program is geared toward childcare facilities in the Greater Cincinnati and Kiwanis catchment areas. Preschool-aged children learn about safety in a fun and interactive format designed for their developmental level. Funding provided by Duke Energy and Southwest Ohio Kiwanis.

ThinkFirst Violence Prevention Initiative: This is a violence prevention and conflict resolution education program that takes place over four sessions and includes incentives for parental involvement, rewards for student participation, asset development education, conflict resolution/weapon safety education/problem solving, interaction with an individual who has sustained a weapon-related traumatic injury, integration of health concepts related to violent injury prevention and incorporation of local after-school resources.

Helmets Are Cool Cincinnati: This program was started more than 10 years ago by TriHealth ThinkFirst. In a partnership with Greater Cincinnati SAFE KIDS Coalition, helmets are provided to lower-income children at reduced cost through the hospital gift shops and local pediatrician offices. (See TriHealth.com for a full calendar of events.)

Trauma Services
Provides swift, excellent medical services for all injured people, regardless of ability to pay. Led by a multidisciplinary staff who are leaders in emergency treatment, prevention and education.

Bethesda North Hospital  513 865 1582

Employee assistance program for area employees. Helps employees and their families maintain a healthy balance in their personal and professional lives. Includes counseling on balancing work and family, relationships, parenting, work stress, addictions, crisis, health and emotional concerns.

TriHealth Evendale Hospital  513 454 2222
Campus consists of 10 operating rooms, 29 inpatient rooms and a complete imaging and diagnostic facility. Services range from inpatient surgery to orthopedics, gynecology and outpatient imaging.
Billing  513 247 8813
Imaging  513 247 8800

TriHealth Fitness & Health Pavilion  513 985 0900
Ohio’s first certified, medically based fitness facility, providing a variety of activities and services for all ages and fitness levels. Degreed, certified staff guide members in workouts on the fitness floor, through group exercise, aquatics classes and personal training. Amenities include indoor and outdoor tracks and pools, and a full-size gym. Also at the Pavilion are services open to the community, such as TriHealth Integrative Health & Medicine, the Pavilion Spa, cardiac rehabilitation, pulmonary rehabilitation, dietitian services and physical therapy. A Kid’s Life Center, health promotion classes, a Pro Shop and a conference room for rent are other popular amenities for our clients.

TriHealth Hospitalists  513 862 3452
Offers integrated and personalized care with a team of more than 30 board-certified and board-eligible hospitalists who practice at Bethesda North and Good Samaritan hospitals. A hospitalist is a physician who follows each patient’s treatment from the time they are admitted to the hospital until they are released.

TriHealth Kenwood  513 346 1400
Nearly 70 physicians, comprehensive diagnostic services and specialty medical services are all in one convenient Kenwood location. Services and features include laboratory, physical therapy, genetic counseling, nutrition consultation, retail pharmacy, parking garage, self-registration and coffee bar. Unique to Cincinnati, the TriHealth Women’s Center, located here, offers a multidisciplinary approach to women’s health with integrated and coordinated care especially for women ages 40 and older.
