

# Women's Services

The health of women throughout Hamilton County is directly related to the health of our families and our entire community. That is why the Good Samaritan Foundation is dedicated to supporting TriHealth Women's Services. The medical issues that face our community are alarming, and we have to address them head on, today!

**"We are only as strong as the health of our women. We rely on women's health to shape our communities and our country." - Jack Basil, MD**

# The Right Care Provides a Bright Future

“At 20 weeks, Remington’s ultrasound showed that his heart wasn’t developing correctly. Dr. Coppage from the Cincinnati Fetal Center explained Remington’s condition and immediately began a care plan. Remington would need to be delivered at a hospital with a level III NICU, and that meant Good Sam. We have received the best care from the moment my son entered this world, and we know we have a long road ahead of us, but I’m so grateful to the Cincinnati Fetal Center and Good Sam because without them my son, my family wouldn’t have a future.”

– **Grateful Mother**

“ I was diagnosed with breast cancer when I was finishing my junior year of college. I had convinced myself that it wasn’t real because I was too young; my life hadn’t even really begun. The doctors and nurses at Good Sam took care of me, they provided me hope and showed me how to fight, they gave me back my future, and I’ve been cancer free for 7 years. Now, I rely on Good Sam to care for my daughter and son. – **Grateful Cancer Survivor**

# Health Begins in the Community

Women's Services is committed to providing exceptional, holistic health care to women throughout Greater Cincinnati in order to make a profound impact on the entire community. We are not only focused on treating our community today, but we are also looking to the future of health in our region.

We are invested in serving our patients by offering care that is proactive instead of reactive. We understand that it's important to treat the immediate symptoms of illness, but we aim to address the causes in order to stop health problems before they ever happen.

By providing critical and life-changing care to women of all ages, we can make a powerful impact on our community that can transform health care throughout Greater Cincinnati for generations to come.

**In 2017, Good Samaritan diagnosed and treated approximately 440 patients with breast cancer.**

**TriHealth performed 74,239 mammograms, with 26,586 in the Good Samaritan Region alone.**

“

**We see miracles everyday**

”

- Good Sam Nurse

# Invest in Our Future

From adolescent gynecology and comprehensive maternity to high risk obstetrics and specialized gynecology, Women's Services at TriHealth is dedicated to serving women in Greater Cincinnati. We are asking for your help to make an impact on the health of our mothers, grandmothers, spouses, sisters, aunts, cousins, and friends.

Every hour, a baby is born at a TriHealth hospital. Together, we can give them the future they deserve.

Join us and make a difference in the health of women and our entire community!

Donate today and invest in the future of our community because **together we can make a difference.**
