

TriHealth Neuroscience Conference: "Stroke Care Today & Tomorrow" May 5, 2023 | Speaker Details

Lisa Terlau, MOTR/L

Melissa (Lissa) Terlau is a Level II occupational therapist at TriHealth Rehabilitation Hospital in Cincinnati, Ohio. She has been working with survivors of stroke for 9 years. Lissa graduated from The Ohio State University with a Bachelor of Science in Allied Health Professions with a concentration focus in Health Management, a minor in Public Health and a Master of Occupational Therapy. Lissa is passionate about fostering interdisciplinary collaboration within the inpatient setting to deliver best practice methods and optimize recovery for her patients. Lissa created and implemented a Bowel and Bladder Program as a conservative treatment method for incontinence in post stroke patients. Lissa also actively participates as a member of the Stroke Committee and Cardiac Program. Lissa also proves herself to be a mentor for new graduates on the team. In addition to being an OT, Lissa enjoys community outreach with participating in the 1k Steps for Stroke Walk at the annual American Heart Mini Race and Strike Out Stroke for Cincinnati Red's Baseball game.
